

# Novatex<sup>®</sup> HD 2

## Proven performance, water resistant lithium-calcium grease

### Product description

Novatex HD 2 is a proven performance lithium-calcium grease. It is formulated with a mineral oil base in combination with polymers and extreme pressure, anti-wear, anti-corrosion and anti-oxidation additives.

### Customer benefits

- Good load carrying performance
- Robust water resistance
- Reliable rust protection
- Resists oxidation
- Mechanically stable

### Applications

- Novatex HD 2 is suitable for the lubrication of heavily loaded plain- and roller-bearings operating at normal temperatures and limited speeds, such as water pumps and chassis. It is also suitable for use in wet and corrosive environments
- Novatex HD 2 is suitable for the lubrication of propeller shafts in outboard engines and submerged bridge structures. It is also used for the lubrication of Back Hoe Dredgers
- Novatex HD 2 can be used for heavily loaded industrial applications where water wash is a problem and can also be used for heavy-duty vehicles working outdoors in wet and dirty conditions

### Product highlights

- **Good load carrying performance**
- **Tough water resistance**
- **Dependable rust protection**
- **Oxidation resistant**

## Approvals, performance and recommendations

### Performance

	DIN 51 502	ISO 6743-09	Operating temperature
Novatex HD 2	KP 2 K-20	ISO-L-XBCIB2	-20 °C up to 120 °C with short periods up to 130 °C

### Typical test data

Test	Test methods	Results
Viscosity Grade	DIN 51 818	2
Product Code		01035
Soap type	-	Lithium/calcium
Texture	-	Tacky
Penetration, 60 strokes	ISO 2137	265 - 295
Dropping point, °C	ISO 2176	>180
Base oil type	-	Mineral
Base oil viscosity at 40°C, mm <sup>2</sup> /s	DIN 51 562	1100

The information given in the typical data does not constitute a specification but is an indication based on current production and can be affected by allowable production tolerances. The right to make modifications is reserved. This supersedes all previous editions and information contained in them.

**Disclaimer** Chevron accepts no liability for any loss or damage suffered as a result of using this product for any application other than applications specifically stated in any Product Data Sheets.

**Health, safety, storage and environmental** Based on current available information, this product is not expected to produce adverse effects on health when used for the intended application and in accordance with the recommendations provided in the Material Safety Data Sheet (MSDS). MSDSs are available upon request through your local sales office, or via the Internet. This product should not be used for purposes other than its intended use. When disposing of used product, take care to protect the environment and follow local legislation.
