

Techron® Concentrate Plus - Motorcycle

Aftermarket Fuel Additive

Product description

Techron® Concentrate Plus – Motorcycle is a fuel system treatment that helps to restore lost power and performance caused by deposit build-up in motorcycle engines parts such as carburetors and injectors. It is suitable for use in all 4-stroke motorcycle engines.

Customer benefits and product features

Customer benefits

Techron® Concentrate Plus – Motorcycle, helps your engine deliver optimized performance as it starts cleaning with the 1st bottle. With repeat use over time, it can help motorcycles & scooters that have soot built-up in the engines in the areas of:

- Restore power by aiding in the removal of harmful deposits
- Improve engine responsiveness
- Reduce cold start problem
- Reduce engine noise
- Restore lost fuel economy

Product features

- Techron® Concentrate Plus - Motorcycle is formulated with improved deposit control fuel additive chemistry. This can help to slow down the amount of carbon soot built up in intake valves, fuel injectors and combustion chambers. is a fuel system treatment that helps to restore lost power and performance caused by deposit build-up in motorcycle engines parts such as carburetors and injectors. It is suitable for use in all 4-stroke motorcycle engines.
- Techron® Concentrate Plus formula is trusted by key OEMs.

Techron® Concentrate Plus - Motorcycle

Aftermarket Fuel Additive

Applications

- Suitable for use in all 4-stroke motorcycle engines
- Treatment Level & Usage:
 - Add one 75ml bottle of Techron® Concentrate Plus – Motorcycle to one empty tank (up to 6L) every time gasoline fuel top-up is being done.
 - Repeat the application every 3,000km for best results over time.
 - For larger fuel tank (more than 6L), a second bottle treatment may be required to gain full benefits (steps of every 6L proportion).
