Havoline® SuperMatic 4T Fully Synthetic

High-Performance Premium Four-Stroke Scooter Oil

Product description

Havoline® SuperMatic 4T Fully Synthetic is a premium fully-synthetic scooter oil with Havoline® C.O.R.E.+ Technology, formulated to help provide performance and protection for modern four-stroke scooters.

Customer benefits and product features

Customer benefits

- **Helps maintain consistent performance and protection**
  High quality, fully synthetic Group III base oils are selected to help ensure the oil retains its intended properties between service intervals.

- **Tailored for high-performance scooters**
  High thermal stability helps protect against heat-related engine damage in larger-capacity scooters operating at elevated temperatures.

- **Helps improve efficiency and promotes engine protection**
  Improved thermal stability helps increase protection against heat damage on the engine, while JASO MB helps reduce friction for greater overall efficiency.

- **Helps maintain engine cleanliness**
  Oxidation protection helps control oil degradation and the formation of deposits.

Product features

Havoline® C.O.R.E.+ Technology is formulated to help deliver four key benefits:

- Helps clean and protect engine components
- Offers good oxidation stability
- Helps resist thermal degradation
- Supports acceleration

Havoline® SuperMatic 4T Fully Synthetic

High-Performance Premium Four-Stroke Scooter Oil

Applications

- Modern air- and liquid-cooled four-stroke scooter engines
- Suitable for high performance four-stroke scooter engines that require a **JASO MB** oil
- Suitable for modern scooter engines that require added engine protection and improved wear resistance
- Scooters with exhaust catalytic converters

Not recommended for use in motorcycles where a multi-grade **JASO MA** or **JASO MA2** engine oil is specified

Not recommended for use in motorcycles with oil-immersed clutches or with combined engine, clutch and gearbox lubrication from a single sump.
