

# Super Outboard 3

## Two-Stroke Outboard Motor Oil

### Product description

**Super Outboard 3** is a premium performance, two-stroke, marine outboard motor oil formulated with a special ashless additive system.

### Customer benefits and product features

#### Customer benefits

- **Maintains high power output**  
Special blend of highly refined mineral oil and ashless additive system provides superior piston cleanliness and protection against ring sticking by minimizing deposit formation, thus maintaining combustion efficiency and protecting against power loss.
- **Reduces maintenance costs**  
Special ashless additive system includes a selected synthetic component for enhanced lubricity to separate contacting surfaces with a tough lubricant film to protect against wear under high speed, peak performance conditions.
- **Trouble-free operation**  
Ashless additive system ensures that ash-induced deposits are not formed in the combustion chamber, thereby eliminating the risk of destructive pre-ignition from this source.
- **Maximizes spark plug life**  
Ashless additive system reduces spark plug fouling under all operating conditions.

#### Product features

- Super Outboard 3 is prediluted with a high flash point, low aromatic content solvent to facilitate mixing with gasoline at all temperatures.
- Super Outboard 3 is designed for engines requiring NMMA TC-W3® certified lubricants, operating in all service conditions.

# Super Outboard 3

## Two-Stroke Outboard Motor Oil

### Applications

- All water-cooled, two-stroke, marine outboard engines, including the latest designs under warranty protection.
- Oil-injected engines.
- Oil-gasoline premix engines at all gasoline-to-oil ratios up to and including 100:1.
- Air-cooled, two-stroke engines where API TD or NMMA certified oils are specified.

### Approvals, performance and recommendations

#### Performance standards

- National Marine Manufacturers Association (NMMA) TC-W3® Certified.  
(NMMA TC-W3 Certification Number: RL00420J)
