

Delo® Gear EP-5

SAE 80W-90, 85W-140

Product description

Delo® Gear EP-5 are multipurpose lubricants made from paraffinic base stocks and containing a carefully balanced additive package to provide gear protection and long lubricant life.

Customer benefits and product features

Customer benefits

Corrosion Delo Gear EP-5 delivers value through:

- **Long gear life**
Extreme pressure properties protect hypoid and other types of gears from scuffing and wear.
- **Rust and corrosion protection**
Effective inhibitor package protects against rusting or corrosion of gear and bearing surfaces.
- **Excellent foam inhibition**
Foaming minimized by use of foam inhibitor.
- **Long lubricant life**
Outstanding thermal and oxidation stability allow high temperature operation with long lubricant life.
- **Seal Protection**
Formulated to protect against oil seal deterioration.

Product features

- The sulfur-phosphorus extreme pressure additive technology used in Delo Gear EP-5 provides exceptional thermal and oxidation stability. In addition, this lubricant is fortified with rust and corrosion inhibitors, a foam inhibitor, and a pour point depressant
- The sulfur-phosphorus extreme pressure additives in Delo Gear EP-5 minimize the spalling and wear of gears by creating a microthin sacrificial film on the surface of the gear teeth which is actually softer than the gears themselves. Frictional heat and pressures between gear teeth cause the sulfur-phosphorus to react with the surfaces of the gear teeth at the point of contact, thus creating the sacrificial film.
- The highly refined base stocks and various inhibitors in the additive package help assure a well-balanced lubricant and long gear and bearing life.

Delo[®] Gear EP-5

SAE 80W-90, 85W-140

Applications

Delo Gear EP-5 are recommended for use in spiral bevel and hypoid differentials, power dividers, and oil-lubricated steering axle wheel bearings. Their multi viscosity characteristics allow their use in equipment operating over a broad ambient temperature range. This means good cold flow properties and gear protection.

Approvals, performance and recommendations

Delo Gear EP-5 are approved for:

- **SAE J2360** (formerly known as MIL-PRF-2105E)
- **Volvo 97321 Approval**
 - SAE 80W-90 (Approval Nr. 97321-04)
 - SAE 85W-140 (Approval Nr. 97321-06)
- **ZF Approval**
 - SAE 80W-90 TE-ML 05A, 12M, 16B, 17B, 19B, and 21A (Approval Nr. ZF002270)
 - SAE 85W-140 TE-ML 05A, 12M, 16D, and 21A (Approval Nr. ZF002254)

Delo Gear EP-5 meet the requirements of:

- **API Service Categories** MT-1, and GL-5
- **Mack** GO-J

Delo[®] Gear EP-5

SAE 80W-90, 85W-140

Typical Test Data

DELO [®] GEAR EP-5		
SAE Grade	80W-90	85W-140
Product Code	510411	510412
Density @ 15°C	0.894	0.905
Viscosity, Kinematic cSt @ 40°C cSt @ 100°C	140 15.0	344 25.5
Viscosity, Brookfield cP @ -12°C cP @ -26°C	- 126,4000	56,100 -
Viscosity Index	108	97
Flash Point, °C	213	234
Pour Point, °C	-30	-15
