

Havoline ProDS RN SAE 0W-20

Premium performance synthetic engine oil

Product description

Havoline® ProDS RN SAE 0W-20 is a premium performance synthetic engine oil, formulated with advanced technology additives and designed to meet latest Renault low emissions and fuel efficiency requirements.

Havoline ProDS RN SAE 0W-20 is suitable for use in gasoline cars equipped with GPF, Euro 6 diesel cars equipped with a DPF and hybrid passenger cars that require engine oils that are RN17FE approved. It is a mid SAPS fuel economy oil compatible with latest after-treatment systems including gasoline and diesel particulate filters (GPF/DPF).

Customer benefits

- Formulated to meet latest Renault RN17FE low exhaust emission and fuel-efficiency requirements in both gasoline and diesel engines
- Developed with high performance SAE 0W-20 viscosity and an advanced additive system, helping reduce vehicle fuel consumption
- Mid SAPS technology promotes catalyst, gasoline and diesel particulate filter system protection, helping minimise exhaust emissions
- Offers reliable oxidation stability and keep-clean performance, helping keep components such as turbochargers free of harmful deposits
- Designed for robust wear and corrosion protection in cylinders, pistons, rings, and valve train components, helping optimise service life
- Low temperature fluidity aids rapid lubricant circulation during cold engine starts, contributing to increased engine wear protection

Product highlights

- **Approved against Renault RN17FE**
- **Offers reduced fuel consumption**
- **Helps minimise emissions**
- **Formulated for oxidation stability**
- **Designed for wear and corrosion protection**
- **Low temperature engine start protection**

Selected performance standards include:

ACEA	API
Renault	

Applications

- Havoline ProDS RN SAE 0W-20 is suitable for use in direct & indirect injection gasoline cars equipped with a GPF, Euro 6 diesel cars equipped with a DPF, and engines manufactured after mid-2018 and hybrid cars that require RN17FE approved engine oils. It is a mid SAPS fuel economy oil compatible with latest after-treatment systems including gasoline and diesel particulate filters (GPF/DPF).
- Havoline ProDS RN SAE 0W-20 is not suitable for vehicles requiring an VW 508.00/509.00 approved engine oil. For cars requiring these specifications we recommend our Havoline ProDS VB SAE 0W-20.
- Havoline ProDS RN SAE 0W-20 is not suitable for vehicles requiring an BMW LL-17FE+ or MB 229.71 approved engine oil. For cars requiring these specifications we recommend our Havoline ProDS MG SAE 0W-20.

Approvals, performance and suitable for use

Approvals

- Renault RN17FE

Performance

- ACEA C5
- API SN

Typical test data

Test	Test Methods	Results
Viscosity Grade		0W-20
Shelf Life: 60 months from date of filling indicated on the product label		
Density at 15°C, kg/l	ASTM D4052	0.840
Kinematic viscosity at 100°C, mm ² /s	ASTM D445	8.1
Kinematic viscosity at 40°C, mm ² /s	ASTM D445	38.5
Viscosity Index	ASTM D2270	191
Pour point, °C	ASTM D97	-51
Flash point COC, °C	ASTM D92	224

The typical test data set out above does not constitute a specification. It is indicative only and can be affected by allowable production tolerances. Chevron may modify this test data. Modified data will supersede all previous data, so please ensure you refer to the latest version of this Product Data Sheet (PDS).

Disclaimer: Data provided in this Product Data Sheet (PDS) is based on standard tests under laboratory conditions and is indicative only. This product should not be used for any purpose other than those expressly set out in this PDS. The user has sole responsibility for verifying that this product is suitable for the user's intended application. Neither Chevron nor its subsidiaries (i) make any warranty or representation as to the accuracy or completeness of this PDS; and/or (ii) accept liability for any loss or damage suffered as a result of the use of this product other than in accordance with the terms of this PDS.

When disposing of used product, take care to protect the environment and follow local legislation.

Safety Data Sheets (SDS's) are available for all Chevron products. If you require a SDS or any further information regarding a Chevron product, please contact your local sales office or see www.texacolubricants.com.
