

Techron® Concentrate Plus

Aftermarket Fuel Additive

Product description

Techron® Concentrate Plus is a powerful fuel system treatment that helps to restore lost power and performance caused by deposit build-up in passenger cars and light duty trucks.

Customer benefits and product features

Customer benefits

Techron® Concentrate Plus is recommended by many major automakers and is an advanced, complete fuel system cleaner, which can help:

- Restore lost power and performance
- Clean deposits from fuel injectors, carburetors, intake valves, and combustion chambers, which in turn can help to:
 - Restore lost acceleration
 - Restore lost fuel economy
 - Minimize smog producing emissions
 - Relieve cold start problems
 - Reduce deposit-related knock and ping

Product features

- Formulated with advanced deposit control additive technology, this product helps remove harmful deposits from fuel injectors, carburetors, intake valves, spark plugs, and combustion chambers in gasoline passenger cars and light-duty trucks equipped with port fuel injection (PFI) or carbureted engines.

Techron® Concentrate Plus

Aftermarket Fuel Additive

Applications

- Spark ignition four-stroke engines fueled with gasoline, ethanol and gasoline/ ethanol blends in cars, vans, and light trucks
- Gasoline hybrid vehicles
- Four-stroke outboard motors
- Techron® Concentrate Plus can be used every 5000 kilometers.
- Suitable for catalytic converters and oxygen sensors.

Product Code: 510722

Directions for use

When the fuel tank is nearly empty, pour the entire contents of one bottle (355 ml) into the tank and refuel with up to 45 liters of fuel. Repeat the application every 5000 km to help keep the fuel system components clean.

Note:

This product is designed to provide fuel injector and intake valve deposit clean-up performance when used in vehicles with fuel tanks of up to 45 liters. With larger fuel tanks (e.g., 70 liters) a second treatment immediately after the first treatment may be required to gain the full benefits. Persistent problems may require mechanical repair.

ENVIRONMENT, HEALTH, and SAFETY. Information is available on this product in the Material Safety Data Sheet (MSDS) and Customer Safety Guide. Customers are encouraged to review this information, follow precautions, and comply with laws and regulations concerning product use and disposal. To obtain a MSDS for this product, visit the Product Information Center.

This Product Data Sheet (PDS) was produced for the Asia-Pacific region in good faith from the best information available at the time of issue. The specific information included may not directly reflect the local market or conditions. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. For the most up-to-date, country-specific information, please contact your local customer service center.
